

Litco Technologies and ACTi Corporation Announce Distribution Agreement Providing Surveillance Solutions to the Canadian Market.

Markham, Ontario, October 20th , 2009 -

Litco Technologies, a distributor of specialized security and surveillance products, today announced a partnership with ACTi Corporation to provide IP video surveillance solutions to the Canadian market.

The direct partnership between Litco and ACTi provides the Canadian market not only with IP surveillance hardware such as IP cameras and video servers, but with management software; in addition to the rich selection of management applications offered by leading Independent Software Vendors that support ACTi hardware.

"We are excited to offer ACTi technology as we are meeting the demand for low cost, high quality video solutions in today's marketplace" said Mike Berdan, Product Manager, Litco Technologies. "ACTi's technology advancements enable complete solution offerings to cover all segments of the security market."

"Through the distribution partnership of ACTi and Litco Technologies, customers at the Canadian market will be able to benefit from ACTi's complete IP surveillance product line ranging from Megapixel, D1 to VGA resolution, with compression techniques covering from H.264, MPEG-4 to MJPEG. The ACTi "Unified Solution", including hardware and software, can not only provide customers an end-to-end solution to fulfill one-stop-shopping convenience, but ensure all customers the superior Megapixel video quality at the most affordable price." commented Tayao Chin, Regional Sales Manager of ACTi Corporation.
