Lumenera(R) and Litco Technologies Announce Distribution Partnership Providing Surveillance Solutions to Canadian

Tue Jun 30, 2009 10:26am EDT

OTTAWA, ONTARIO, Jun 30 (MARKET WIRE) --
Lumenera Corporation, a leading developer and manufacturer of high performance digital cameras and custom imaging solutions, and Litco Technologies, a subdivision of Litco Systems Inc. and distributor of specialized security and surveillance products, today announced a partnership to provide advanced IP video surveillance solutions to the Canadian market.

The direct partnership between Litco and Lumenera provides the Canadian market with high quality network cameras that include a wide range of resolutions from VGA through 11 megapixel, superior image quality, three intelligent camera models, and custom/OEM digital solutions.

"We are excited to offer Lumenera technology, meeting the demand for high definition video in today's marketplace." said Mike Berdan, Product Manager, Litco Technologies. "Lumenera's 5 and 11 megapixel IP cameras offer unparalleled image quality with up to 32X greater resolution than typical CCTV, addressing the market shift towards high resolution cameras."

"As an authorized Lumenera dealer Litco will benefit greatly from our exceptional customer service and superior technical support." stated John Recesso, Director of Business Development, Lumenera Corporation. "We look forward to supporting Litco's needs and growing our Canadian market share."
